## Summary

---

I am an ordinary person who tries to use my skills and knowledge properly to work in an environment that encourages professional growth and success. During my learning journey, I have tried to gain some knowledges and here I will share them.

## Skill Highlights

---

- Html, CSS, Bootstrap, TailwindCss
- ReactJs and Redux basics
- Javascript, TypeScript
- Nodejs, ExpressJs
- Databases (Sql, Mysql, Postgresql, MongoDB)

## Experience

---

**Copywriter** - 09/2022 to 05/2023

**IT Holding (100k.uz)**, Tashkent

- Created compelling content for an online shop, including product descriptions, promotional materials and blog posts.
- Produced engaging content for various digital channels, ensuring a consistent and persuasive brand voice.
- Collaborated closely with the marketing team to enhance the online shopping experience and drive customer engagement.
- Maintained coherent brand messaging across the online shop, contributing to a cohesive and memorable brand identity.

**Web Developer** - 09/2022 to 05/2023

**Appx Group**, Khorezm

- Cooperate with developers to create clean interfaces and simple, intuitive interactions and experiences.
- Develop project concepts and maintain optimal workflow.
- Work with middle and senior developers to manage large, complex design projects for corporate clients.
- Complete detailed programming and development tasks for frontend public and internal websites as well as challenging back-end server code.
- Carry out quality assurance tests to discover errors and optimize usability.

**Full-Stack Developer** - 05/2023 to 07/2023

**Astix Group**, Khorezm

- Collaborated with cross-functional teams to design and implement user-friendly interfaces, ensuring seamless and intuitive interactions.
- Led the ideation and conceptualization of projects, fostering an efficient and creative workflow.
- Executed comprehensive programming and development assignments, spanning both frontend and backend components, and effectively handling challenging server-side code.
- Conducted rigorous quality assurance tests, pinpointing and rectifying errors to optimize overall usability and performance.
